International HS Creative Campus Profile

Results for 2016-2017 School Year: Arts Emerging-1

Based on the data provided in the Arts Inventory by the campus principal in the spring of 2017, International HS was found to be an **Arts Emerging-1** campus. Inventory responses and the associated Campus Creative scores are listed below. More information about how the Creative Campus score was calculated can be found on the following page.

1. Sequential Fine Arts Instruction % of students taking the prescribed amount of fine arts classes during their tenure at your school % of students exceeding the prescribed amount of fine arts classes during their tenure at your school 2. Creative Teaching Across the Curricula % of general classroom teachers who use creative teaching strategies or arts integrated instruction at least once a week 3. Community Arts Partnerships Departments coordination partnerships during school time Calculated # of hours of arts exposure per student during the school day 4. After School # of art forms in which after school opportunities are offered for more than one ability level (e.g., beginning, intermediate, advanced) Average score of components 1 through 4 1.25 n/a		Response	Score	Change from

Points earned/lost for additional components:	0.5
from # of additional components met:: 4	
Primary average +/- additional components	1.75
Arts Richness Score:	Arts Emerging-1

What Does it Mean to be an Arts Emerging-1 Campus?

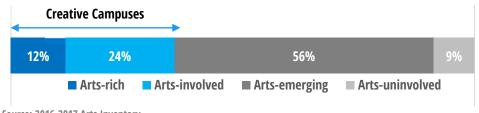

Though your campus doesn't yet meet the full criteria of a Creative Campus, it is on that path since it qualifies as arts emerging. In arts emerging school, many students receive sequential fine arts instruction, less than half of teachers use creative teaching strategies at least once a week, and some community arts partnerships are cultivated both during and after school. To improve, encourage all teachers to attend CLI professional development and implement creative teaching regularly, develop new community arts partnerships in additional grade levels, and communicate more frequently with families about the value of creative learning.

Why does AISD Measure Creative Campus Scores for its campuses?

National research on creative learning shows that students attending arts-rich schools have higher levels of motivation and better academic and social success (Dwyer, 2011). In addition, prior research into the Creative Learning Initiative (CLI) in AISD indicated that the implementation of creative teaching strategies is related to increased levels of student engagement, attendance, greater academic achievement, and social emotional skills (Christian, Hasty, & Wang, 2017). Current AISD findings indicate that 36% of our secondary schools are already Creative Campuses (Figure 1). Because the arts benefit students academically and creatively, AISD, in collaboration with the City of Austin and MINDPOP, is strategically working towards achieving Creative Campuses for all students by 2022-2023 (MINDPOP, 2012).

In 2016, 2017, annuarimentally half

In 2016-2017, approximately half of AISD secondary schools had characteristics of being Arts Emerging, and 36% were Arts Involved or Arts Rich.

Calculation of Creative Campus Score

The Creative Campus score is calculated as the average of the primary four components (Sequential Fine Arts Instruction, Creative Teaching across the Curricula, Community Arts Partnerships, and After School) plus points earned (or lost) from the additional five components (Community Building through the Arts, Leadership, Communication, Professional Development, and Facilities).

Description of points earned/lost from additional five components:

If # "Yes"=0, then -1 point
If # "Yes"=1, then -0.5 points
If # "Yes"=2 or 3, then 0 points
If # "Yes"=4, then +0.5 points
If # "Yes"=5, then +1 point

Creative
Avg +earned/lost = Campus
Score

Creative Campus stages by final score:

4 = Arts Rich
3-3.99 = Arts Involved
2-2.99 = Arts Emerging -2
1-1.99 = Arts Emerging -1
<1 = Arts Uninvolved

Additional information

Creative Campus Goals at International HS

Each year, school leaders develop a Campus Improvement Plan (CIP). Despite there being no district requirement to do so, in 2016-2017 77% of secondary schools made CIP goals related to becoming a more Creative Campus. International HS set the following goal: "Offer at least two opportunities per semester for all students to exhibit/showcase their fine arts learning in the community."

At the end of the year, school leaders reflected on their progress, as follows:

Progress: "Completely accomplished"

Challenges: "Communicating with families in other languages, arranging transportation"

Successful Strategies: "Students' willingness to share information with their families, students' desire to participate in

the arts"

Distribution of Arts Partners by Subject Area at International HS

As schools engage with community arts partners they distribute those experiences across different departments, different grades and representing different art forms and different cultures. These calculations are provided to help reflect on the current distribution of arts partners and art form to help guide future choices.

	English	Math	Science	Social Studies	Foreign Language	Music	Visual Arts	Dance	Theater	Media Arts
of arts partners	0	0	0	0	0	0	1	0	1	1
# of art forms	0	0	0	0	0	0	1	0	1	1
